This is an English translation of the Corporate Governance Report of Advantest Corporation updated on July 4, 2024.

The corporate governance of Advantest Corporation (“Advantest”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

<I - 1. Basic Views>

Advantest’s Purpose & Mission is “Enabling Leading-Edge Technologies.” Advantest constantly strives to improve so that we can offer products and services that will satisfy customers around the world, and contribute to the future of society through the development of the most advanced technologies.

In accordance with the corporate mission described in the preceding paragraph, by being open, honest and respectful at all times with all stakeholders, Advantest aims to achieve a sustainable level of business development and enhance corporate value over the mid-to-long term. Advantest always strives to find the best solution to issues, by seeking out root causes and defining their “essence”. To that end, Advantest will establish a fair, efficient and transparent governance system.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

Principle 2.6: Roles of Corporate Pension Fund as Asset Owners

Although the Advantest Corporation Pension Fund is not in full compliance with our planned recruitment and assignment of personnel with appropriate qualifications for operation, it continues to confirm the risks of assets and appropriateness of financial products that it is considering for purchase, while receiving advice from qualified experts.

On the other hand, in order to perform its function as an asset owner optimally, the Advantest Corporation Pension Fund takes the following measures.

- In order to avoid conflicts between beneficiaries of corporate pensions and Advantest, with regard to the Board of Directors of the Advantest Corporation Pension Fund, which is the body that deliberates the Advantest Corporation Pension Fund’s business execution, the Board is composed of an equal number of directors chosen by Advantest and directors elected by pension subscribers.

- In July 2020, the Advantest Corporate Pension Fund announced acceptance of the Japanese version of the Stewardship Code and has taken action to implement it.

[Disclosure Based on the Principles of the Corporate Governance Code]

Principle 1.4: Strategic Shareholdings

Advantest does not have listed strategic shares. Following are unlisted strategic shares and shares Advantest subsidiaries hold as of March 31, 2024.

Number and amount of shares Advantest holds

	Company	Amount (Millions of yen)	Reason for holding shares
Listed	0	0	—
Unlisted	6 companies	373	Mainly for transaction support

Number and amount of shares Advantest's subsidiaries holds

	Company	Amount (Millions of yen)	Reason for holding shares
Listed	NASDAQ (US) / PDF Solutions, Inc.	16,859	For joint business development
	KOSDAQ (Korea) / Nepes Ark Corporation	221	For sales transaction strategy
Unlisted	2 companies	262	Mainly for transaction support

(Note) Shares held by Advantest as strategic-shareholdings are unlisted, and the amount is stated in the book value in accordance with Japanese standards. The amount of shares held by Advantest's subsidiaries as strategic-shareholdings is stated in fair value in accordance with IFRS. Investment return of above shares is evaluated regularly and reported to the Board of Directors.

Principle 1.7: Related Party Transactions

When Advantest engages in transactions with its directors, officers or major shareholders, the Board of Directors shall discuss and approve such transactions beforehand, so as not to harm the interest of Advantest Group or the common interest of the shareholders, provided, however, that this shall not apply if the transaction conditions are similar to general transactions.

Principle 2.4.1: Ensuring diversity in the promotion of core human resources

1. Policies and voluntary and measurable goals for ensuring diversity

The semiconductor test equipment industry is becoming increasingly globalized, and our overseas sales account for more than 90% of total sales. In this business environment, Advantest Group has introduced "INTEGRITY" as our core values. One of them is "Inclusion and Diversity". This clearly states that we are proud of our diverse human resources and capabilities, and believe that diversity makes us stronger. More than half of our employees are non-Japanese nationals, and persons of about 10 nationalities work for us in Japan. In addition, 14 out of 26 executive officers of Advantest are non-Japanese. Also, from the perspective of promoting midcareer hires to core human resources, it is usual to appoint experienced personnel from other companies as core human resources

because more than half of the employees are overseas, where employment is fluid. Even in Japan, the culture of accepting this diversity is well established, and people who have experience at other companies are promoted without being discriminated against. In fact, about half of the current executive officers including the CEO have experience at other companies. In this way, the diversity of foreigners and midcareer hires has already been sufficiently secured, and the culture for these human resources to play an active role is in place. In our current business environment, we will continue to follow our policy regarding promotion of foreigners and midcareer hires to middle managerial positions.

On the other hand, because many of our employees are engineers, it is still difficult to say that we have a large proportion of women in managerial positions, and we recognize this as an issue. The ratio of female managers in FY2021 was 9.6%, in FY2022 9.0% and in FY2023 9.4%. We aim to increase the ratio year by year. In order to achieve this goal, we are actively working to hire female employees who will become female managers. Advantest Group's ratio of female employees is steadily increasing: in FY2021 it was 20.8%, in FY2022 21.2% and in FY2023 21.8%.

2. Policies for human resource development and internal environment development to ensure diversity, and their status

In 2022, the Advantest Group established the position of Chief Human Capital Officer (CHO). Led by this CHO, the Advantest Group has established a system for formulating human resource strategies for the entire Group. In order to achieve our mid-to-long term management policy “Grand Design” and embody our management philosophy “Enabling Leading-Edge Technologies”, Advantest Group's human resource strategies are closely linked to our Grand Design management strategies. To enhance the comprehensive strength of our human capital, Advantest Group is promoting a variety of initiatives that focus on both “individual strength” and “organizational strength.” To enhance “individual strength,” Advantest Group will put more effort into developing the abilities of our employees, and at the same time strive to secure necessary human capital through measures such as improving recruitment and enhancing retention programs. To enhance “organizational strength,” Advantest Group is working to improve employee engagement and to retain and promote the active participation of diverse human resources. Furthermore, as a link between these two “wheels,” we continue to optimize our personnel system as necessary to embody our management philosophy.

Advantest Group's Basic Policy Regarding Human Capital Development and Internal Environment Development Policy, which are part of our human capital strategies, are as follows.

“Basic Policy Regarding Human Capital Development”

The Advantest Group (“Advantest”) regards employees as human capital essential for its sustainable growth. Advantest strongly believes developing employees as human capital indicates an investment in human capital, and that the “individual strength” enhanced through the development and the “organizational strength” utilizing the enhanced individual strength are the two “wheels” that drive employee engagement and become the sources of future value creation. Accordingly, Advantest proactively, continually and fairly implements measures to develop human capital under The Advantest Way, INTEGRITY Core Values, technical and professional management strategies, and the skills required to grow within the development framework.

1. Self-Directed Career Development

We encourage employees to be proactive in their career development, while Advantest provides the resources and support to acquire the experience and knowledge necessary to enhance their careers inside Advantest.

2. Global Human Capital

From a long-term perspective, we are committed to developing human capital with a global viewpoint, which includes providing opportunities to enhance expertise and management skills on a global scale.

3. Leading-Edge Human Capital

To achieve our corporate mission statement, “Enabling Leading-edge Technologies,” we aim to develop the skills of every employee and foster high performers to take on leading-edge challenges.

4. Advantest Development Framework

Under The Advantest Way and our management strategies, we encourage all employees to enhance the skills required to advance their careers within the Advantest Development Framework, and provide them with the necessary resources.

“Internal Environment Development Policy”

The Advantest Group (“Advantest”) regards employees as human capital essential for its sustainable growth. Advantest also recognizes that maximizing the value of human capital will directly lead to increase its corporate value. Accordingly, Advantest proactively, continually and fairly implements measures to develop the internal environment for human capital under The Advantest Way, its management strategies, and this policy.

1. Corporate Culture

We understand The Advantest Way is a corporate culture to bring together our diverse employees to a globally unified team. We continue efforts to instill The Advantest Way as a deeply-rooted corporate culture, aiming to ensure all employee’s embody and practice The Advantest Way in our daily work life.

2. Human Capital Development/Cultivation

We are committed to strengthening the development and cultivation of human capital to facilitate self-directed career development for motivated employees. We regularly conduct employee engagement surveys to gain a deep understanding of the strengths and issues of human capital and appropriately reflect the survey results in our measures and action plans to develop and cultivate Advantest’s human capital.

3. Health Management

Under our Health and Productivity Management (HPM) Policy, we are strategically committed to maintaining and improving employees’ health from a managerial perspective.

4. Workstyles and Work Environments

We accept, encourage, and support diverse workstyles which enables every employee to achieve a good work-life

balance. In addition, we promote developing an office environment that provides the necessary resources and support for employees to enhance their remote work environments.

Principle 3.1 i): Company objectives (e.g., business principle), business strategies and business plans

Principle 5.2: Establishing and Disclosing Business Strategies and Business Plans

Advantest's corporate mission is "Enabling Leading-Edge Technologies"

Advantest Group has announced updates to its "Grand Design" and a newly formulated third mid-term management plan (FY2024-FY2026).

In FY2018, Advantest formulated a 10-year mid- to long-term management policy (FY2018-FY2027), the "Grand Design," which defined the commitments and strategies needed for Advantest to continue to be a company that embodies its corporate mission & purpose of "Enabling Leading-edge Technologies." Since then, in order to embody the vision described in the Grand Design, Advantest has striven to promote two mid-term management plans: our first mid-term management plan (MTP1, FY2018-FY2020), and our second mid-term management plan (MTP2, FY2021-FY2023).

Advantest Group has determined that a management policy based on a longer-term perspective is necessary to achieve further growth in the future, and has therefore extended the time frame of the Grand Design and updated it to reflect the changes in the management and business structure to date and the latest long-term business environment outlook.

Furthermore, in accordance with the latest updates to our "Grand Design", we have formulated our third mid-term management plan (MTP3, FY2024-FY2026).

Updated Grand Design (FY2024-FY2026)

<Vision Statement>

"Be the most trusted and valued test solution company in the semiconductor value chain"

Third Mid-Term Management Plan (FY2024-FY2026)

<Strategies>

1. Outpace the growth in our core market
2. Expand adjacently / new businesses
3. Drive operational excellence
4. Enhance sustainability

Under MTP3, Advantest will strive to enhance corporate value by increasing sales, improving profitability, and improving capital efficiency through the above four strategies. Given this framework, the management metrics that are emphasized in MTP3 are sales, operating profit margin, net income, return on invested capital (ROIC), and EPS.

Specifically, we have clarified that the targeted averages for 3 fiscal years are sales of 560 billion to 700 billion yen, operating income margin of 22% to 28%, net income of 93 billion yen to 147 billion yen, return on invested capital (ROIC) of 18% to 28%, and net income per share (EPS) of 127 yen to 202 yen.

Details are published on our website.

<https://www.advantest.com/en/investors/management-policy/management-policy/>

Advantest is presently formulating a new Mid-Term Management Plan to commence in 2024. We will disclose the plan separately as soon as it is approved by a resolution of the Board of Directors.

Principle3.1 ii): Basic views and guidelines on corporate governance based on each principle of the Code

Our basic concept of corporate governance is described in “I - 1. Basic Views” above.

Details are published on our website.

<https://www.advantest.com/en/about/governance/corporate-governance/governance/>

Principle3.1 iii): Board policies and procedures in determining the remuneration of the senior management and directors

Compensation for Directors and Executive Officers is described in “Policies and Procedures for Determining Compensation for Directors and Executive Officers” as follows.

“Policies and Procedures for Determining Compensation for Directors and Executive Officers ”

1. Basic policy

Based on the Company's corporate mission and vision, we aim to create a system for the compensation of directors and executive officers that contributes to the enhancement of corporate value. The ground rules of the system are as follows.

(1) Compensation mix and compensation level that shall attract international human resources who support the Company's global business development.

In order to continue to grow globally in the complex and rapidly evolving semiconductor industry, we will appoint talented people from all over the world and compensate them appropriately by global standards.

(2) Bonus that is strongly linked to business performance

Given the inevitability of fluctuations in business performance, strongly indexing bonuses to performance will fully reward the contributions of officers when business performance is strong and will reduce the burden on the Company during downturns in business performance.

(3) Stock compensation that incentivizes directors and officers to share values with shareholders and promotes management from a medium- to long-term perspective

We will combine transfer-restricted stock compensation, which incentivizes the pursuit of medium- to long-term corporate value improvement, which is also beneficial to shareholders, and performance-linked stock compensation, which promotes the achievement of medium-term management goals that lead to corporate value improvement.

2. Policy on the system, timing, conditions, and determination of compensation for director (excluding outside directors and directors who are Audit and Supervisory Committee members)

(1) For directors who also serve as executive officers, base compensation (monetary remuneration) appropriate

to their duties and responsibilities will be paid monthly, in addition to the executive officer compensation specified in 5 below.

(2) The compensation of directors who do not serve as executive officers shall be set as follows, in accordance with the basic policy set forth in 1 above.

(a) Structure: Base compensation (monetary remuneration), Stock compensation

(b) Ratio: Base compensation : Stock compensation = 1 : 0.5 (guideline in the standard amount)

(c) Base compensation

Base compensation shall be set at an appropriate level according to duties and responsibilities as such director, and will be paid monthly, with reference to external objective data (i.e. the level of compensation paid to people with similar responsibilities by companies of similar size in each country).

(d) Stock compensation

- We will grant restricted stock (RS), which incentivizes the pursuit of medium- to long-term corporate value improvement, which is also beneficial to shareholders.
- Shares of RS will be granted every business year as described above.
- As a general rule, holding is obligatory during the term of office, and transfer restrictions will be lifted when an director retires.

(3) In addition to the above, lump sum payments may be made based on special events such as the anniversary of the Company's founding.

3. Policy on the system, timing, conditions, and determination of compensation for outside directors (excluding directors who are Audit and Supervisory Committee members)

The compensation of outside directors (excluding directors who are Audit and Supervisory Committee members) shall be set as follows in consideration of their roles and independence with the basic policy set forth in 1 above.

(1) Structure: Base compensation (monetary remuneration), Stock compensation

(2) Ratio: Base compensation : Stock compensation = 1 : 0.3 (guideline in the standard amount)

(3) Base compensation

Base compensation shall be set at an appropriate level according to duties and responsibilities as such director, and will be paid monthly, with reference to external objective data (i.e. the level of compensation paid to people with similar responsibilities by companies of similar size in each country).

(4) Stock compensation

- We will grant restricted stock (RS), which incentivizes the pursuit of medium- to long-term corporate value improvement, which is also beneficial to shareholders.
- Shares of RS will be granted every business year as described above.
- As a general rule, holding is obligatory during the term of office, and transfer restrictions will be lifted when an director retires.

(5) In addition to the above, lump sum payments may be made based on special events such as the anniversary of the Company's founding.

4. Policy on the system, timing, conditions, and determination of compensation for directors who are Audit and Supervisory Committee members

The compensation of directors who are Audit and Supervisory Committee members shall be set as follows in consideration of their roles and independence with the basic policy set forth in 1 above.

- (1) Structure: Base compensation (monetary remuneration), Stock compensation
- (2) Ratio: Base compensation : Stock compensation = 1 : 0.3 (guideline in the standard amount)
- (3) Base compensation
Base compensation will be paid monthly. The individual compensation level of directors who are Audit and Supervisory Committee members will be decided through discussions with them.
- (4) Stock compensation
 - We will grant restricted stock (RS), which incentivizes the pursuit of medium- to long-term corporate value improvement, which is also beneficial to shareholders.
 - Shares of RS will be granted every business year as described above.
 - The individual compensation level of directors who are Audit and Supervisory Committee members will be decided through discussions with them.
 - As a general rule, holding is obligatory during the term of office, and transfer restrictions will be lifted when an director retires.
- (5) In addition to the above, lump sum payments may be made based on special events such as the anniversary of the Company's founding.

5. Policy on the system, timing, conditions, and determination of compensation for executive officers

The compensation of executive officers shall be set as follows with the basic policy set forth in 1 above.

- (1) Structure: Base compensation (monetary remuneration), Performance-linked bonuses (monetary remuneration), Stock compensation
- (2) Ratio: Base compensation : Performance-linked bonuses : Stock compensation =
 - 1 : 1 : 2 (Senior Executive Officer (Group CEO))
 - 1 : 1 : 1.5 (Senior Executive Officer (Group COO))
 - Between 1 : 1 : 1 and 1 : 1 : 1.2 (Senior Executive Officer)
 - Between 1 : 0.8 : 0.8 and 1 : 1 : 1 (Executive Officer)*All of the above estimates are based on the standard amount.

- (3) Base compensation
Base compensation shall be set at an appropriate level according to individual duties and responsibilities, and will be paid monthly, with reference to external objective data (i.e. the level of compensation paid to people with similar responsibilities by companies of similar size in each country).
- (4) Performance-linked bonuses
 - Performance-linked bonuses (monetary remuneration) are short-term incentives for the results of a single year, and are paid once a year after the performance of the Group for the relevant business year is confirmed.
 - a. The amount of bonuses is determined using net income as an index.
 - b. Target amounts will be set by referring to the net income targets of the single-year business plan and mid-term management plan. We will pay the standard amount when the target values are achieved, but the amount paid will fluctuate as described below when actual results undershoot or exceed the target values.
 - Actual results <50% of target values: 0% of standard amount
 - Actual results >150% of target values: 200% of standard amount

- Actual results 50% -150% of target values: Varies between 0-200% of standard amount

(5) Stock compensation

- We will grant restricted stock (RS) and performance-linked stock compensation (PSU) with the intention of incentivizing the pursuit of medium- to long-term enhancement of corporate value in alignment with shareholder priorities. As a general rule, about half of the stock-based compensation should be RS and about half should be PSU.

a. Shares of RS will be granted every business year as described above. As a general rule, holding is obligatory during the term of office, and transfer restrictions will be lifted when an officer retires.

b. PSU shall be granted in a lump sum for three years in the first year of the three-year mid-term management plan, with the base value being the points that will become shares of a value determined to be as described above. After the expiration of the term of the mid-term management plan, We will grant shares in proportion to the points, which are varied between 60% and 140% of the base value according to the degree of achievement of the mid-term management targets. The indicators for evaluating achievement of mid-term management targets are as follows, and the degree of fluctuation is determined by the total value of both indicators.

- Main indicator: Earnings per share (EPS) during the mid-term management plan
→ Fluctuation between 70% and 130% of the standard amount
- Sub-indicator: Relative Total Shareholders Return (r-TSR) and ESG evaluation
→ Fluctuation between -5% to 5% of the standard amount

*However, the indicators and fluctuation ranges may be revised in response to the new mid-term management plan.

Note, officers who take office or retire in the second or third years of the medium-term management plan will be as standard performance, prorated according to the length of time they have served.

(6) Additional compensation may be paid for the purpose of securing managers, specially skilled personnel, and/or similar individuals, depending on the conditions of the human resource market in each region and/or industry. As a general rule, compensation levels across regions shall be adjusted through base compensation (monetary compensation) and stock compensation while stock compensation shall be used to secure a pool of specific human resources. The stock compensation shall be in the form of RS or PSU, but the term of the RS transfer restriction under this section shall be at least three years.

(7) Compensation for non-residents in Japan may be different from the above due to laws and other circumstances.

(8) If there are changes in the Company's financial situation or business environment that are clearly judged to make it difficult to achieve the goals of the mid-term management plan, this system and its operation may be reviewed based on a resolution of the Board of Directors.

(9) In addition to the above, lump sum payments may be made based on special events such as the anniversary of the Company's founding.

6. Procedures and methods for determining compensation

(1) Individual compensation for directors (excluding directors who are Audit and Supervisory Committee members) and executive officers is deliberated by the Nomination and Compensation Committee based on consultation with the Board of Directors, and proposed to the Board of Directors. The Board of Directors deliberates on proposals from the Nomination and Compensation Committee and decides on compensation.

(2) However, performance-linked bonuses are determined as follows:

a. Up to 30% of the total amount calculated and determined according to the policies above of performance-

linked bonuses for executive officers, excluding the Group CEO, shall be redistributed based on individual evaluations conducted by the Group CEO and approved by the Nomination and Compensation Committee. Results of these evaluations and redistributions shall be reported to the Board of Directors.

b. In principle, the Group CEO's performance-linked bonus is calculated based on the results of performance indicators, but if the Board of Directors deems it necessary and clearly states their reasoning, it may be increased or decreased.

7. Reduction of compensation, clawbacks, etc.

The Company may reduce future compensation or claw back past compensation by resolution of the Board of Directors in the event of certain circumstances, such as violation of relevant laws and regulations or internal rules.

Principle 3.1 iv): Board Policies and procedures for the appointment of senior management and the nomination of director candidates

It is stated in the “Directors and Executive Officers Nomination/Dismissal Policy and Procedures” as follows;

“Directors and Executive Officers Nomination/Dismissal Policy and Procedures”

1. Basic Policy for Nomination

The Advantest Corporation’s (“Company”) basic policy is to nominate persons who can contribute to achieving a sustainable level of business development and to mid-to-long term enhancement of corporate value, and who have the qualities listed below. Detailed appointment criteria for each role will be considered in addition to these criteria. In nominating candidates, consideration will be given to maintaining a good balance of knowledge, experience and skills in order that the board and the management (the executive officers) can successfully fulfill its roles and responsibilities, and to diversity, including gender and international experience, as well as to maintaining the appropriate number of directors and executive officers.

Basic Nomination Criteria:

- A person who respects the management philosophy of the Company group and has excellent personality and insight
- A person who has a good understanding of the Company group's history, corporate culture, employee characteristics, etc. and has sufficient experience and knowledge about the business
- A person who, based on the business environment and competitive trends affecting the Company group, can provide concrete proposals on management strategies, implementation plans, etc. that can contribute to achieving a sustainable level of business development and mid-to-long term enhancement of corporate value, and who can constantly examine and continue efforts to enhance it
- A person who can sensitively perceive changes in the market related to the Company group’s industry and the value to be offered, and who can constructively discuss the direction in which the Company group should

move forward

2. Detailed Appointment Criteria

(1) Directors (excluding Directors who are Audit and Supervisory Committee members)

The candidate should meet excellent experience, ability, leadership, mid-to-long term foresight and strong ethical values as a person who make decisions on the Company's management and supervise business operations. Personality, experience, years of appointment as Directors of the Company and like will be considered in addition to the criteria.

(2) Independent Directors (excluding Directors who are Audit and Supervisory Committee members)

The candidate should fulfill “Independence Standards for Independent Directors” and should meet one or more of the below criteria. Personality, concurrent positions as another company’s director, executive officer or auditor, years of appointment as an Independent Director of the Company and the like will be considered in addition to the criteria.

- a legal professional such as attorneys
- a person who has management experience for another company
- a person who has excellent knowledge and experience in finance or accounting
- a person who has excellent knowledge and experience in the Company’s business field
- a person who has wide and deep experience in R&D
- a person who has enough experience or ability equivalent to above persons

(3) Directors who are Audit and Supervisory Committee members

The candidate should fulfill one or more of the below criteria. Personality, concurrent positions as another company’s director, executive officer or auditor, years of tenure as Directors of the Company, and the like will be considered in addition to these criteria.

- a legal professional such as attorney
- a person who has management experience at another company
- a person who has excellent knowledge and experience in finance or accounting
- a person who has excellent knowledge and experience in the Company’s business field
- a person who has wide and deep experience in R&D
- a person who worked as a Director, an Executive Officer, or an employee in administration or internal auditing
- a person who has experience or ability equivalent to the above

(4) Representative Director, Chairman of the Board, Vice Chairman of the Board

For Representative Director, the Company will select the person best suited to lead the Company group from among the Directors appointed at the general meeting of shareholders. The Company also can select the Chairman of the Board who convenes the Board and act as the chairperson, and the Vice Chairman of the Board who supports the Chairman of the Board, among the Directors.

(5) Executive Officer

The candidate should possess excellent experience, ability, leadership, as appropriate for a person who has responsibility for business operations. Personality and the like will also be considered in addition to these

criteria. Also, for Senior Executive Officers, the Company will select persons suited to discuss the direction of Company group management from among the Executive Officers. The Company also selects Group CEO, Group COO, President and Corporate Vice Presidents from among the Senior Executive Officers.

3. Dismissal criteria of Directors and/or Executive Officers

If any one of the following criteria applies, an individual is subject to dismissal proposal.

- In the case of violating laws, articles of association, or other rules of the Company group, causing a significant loss or operational obstruction to the Company group
- When it becomes clear that the individual lacks the qualifications stipulated in the appointment of Directors and/or Executive Officers or selection criteria
- In the event of a significant downturn in the Company group's business performance (Applicable only to Group CEO, Group COO and Representative Directors)
- In the event of serious business slump in the responsible business or the area of responsibility (Only for Executive Officers)
- When a relationship with antisocial forces is recognized
- When conduct runs contrary to public order and morals
- If there is a serious obstacle to the performance of duties due to health reasons etc.

4. Procedures for the Nomination

The Nomination and Compensation Committee deliberates and proposes nomination recommendations for Directors and Executive Officers to the Board of Directors. Based on the Committee's proposal, the Board of Directors determines the agenda item regarding the election of Directors to be resolved at the general meeting of shareholders and submit it to the general meeting of shareholders.

In appointing Executive Officers, the Nomination and Compensation Committee proposes to the Board of Directors. The Board of Directors deliberates the proposal from the Nomination and Compensation Committee and appoints Executive Officers.

Regarding the Representative Director, Chairman of the Board, Vice Chairman of the Board and Senior Executive Officer (including Group CEO, Group COO, President and Corporate Vice Presidents), the Board of Directors deliberates and selects them based on the proposal of the Nomination and Compensation Committee.

5. Procedures for Dismissal

When a report on the results of deliberations by the Nomination and Compensation Committee falls under the dismissal criteria for Directors and/or Executive Officers or if there is a proposal for dismissal from another Director, the Board of Directors will deliberate. When judging that an individual fall under the dismissal criteria at the Board of Directors meeting, Company responds as follows:

- Representative Director, Chairman of the Board, Vice Chairman of the Board:

A person will be dismissed by the position

- Directors:

Company will submit a proposal for dismissal of Directors to the Extraordinary General Meeting of Shareholders.

- Senior Executive Officer (including Group CEO, Group COO, President and Corporate Vice Presidents):
An individual will be dismissed as the position.

- Executive officer:
Dismissed from the position of Executive Officer.

Principle 3.1 v): Explanations with respect to individual appointments and nominations based on iv)

Regarding the appointment and the reasons for nomination of candidates for Directors who are not Audit and Supervisory Committee members, and for Ms. Sayaka Sumida, please refer to the convocation notice of 82nd Ordinary General Meeting of Shareholders (Pages 2-12 in English version). For Mr. Yuichi Kurita and Ms. Tomoko Nakada, please refer to the Convocation notice of the 81st Ordinary General Meeting of Shareholders (Pages 9-20 in English version).

(<https://www.advantest.com/en/investors/shares-and-corporate-bonds/meeting/>)

Principle 3.1.3: Sustainability Activities

• Sustainability Activities

Advantest promotes management in line with its corporate philosophy system, “The Advantest Way”, and its mid- to long-term management policy, “Grand Design”. With regard to sustainability, Advantest has established the Sustainability Basic Policy as a component of The Advantest Way from the perspective of expanding the Advantest's contribution to society and further creating value for stakeholders, and is striving to promote sustainable management on this basis.

Furthermore, Advantest has positioned "Enhance sustainability initiatives" as one of the strategies in its mid-term management plan. In the process of considering and deliberating on the mid-term management plan in the Executive Management Committee, mid- to long-term risk analysis and issues related to sustainability are also set as individual targets and aspirations as a mid-term action plan, thereby integrally promoting business growth strategies and initiatives to resolve social issues.

Sustainability initiatives in Advantest are promoted with the strong involvement of the Board of Directors, with individual reports to and supervision from the Board of Directors depending on the importance of the matter. The Sustainability Action Plan 2024-2026, which was formulated in synchronization with the third Mid-Term Management Plan (MTP3) starting in FY2024, was also reported to the Executive Management Committee and the Board of Directors on its content and targets. The contents and targets of the plan were discussed and decided by the Executive Management Committee and reported to the Board of Directors.

Advantest has established the following “Sustainability Policy” as our foundation for promoting sustainable management.

1: Basic Concept

Our corporate purpose & mission is "Enabling Leading-Edge Technologies". Hitherto, we have consistently contributed to the development of society by constantly striving to improve ourselves in order to provide products and services that satisfy our customers worldwide and by supporting the development of leading-edge electronics technology with our measurement technology.

In fact, almost all of our businesses are related to semiconductors, which are indispensable for the future development of various industries and the realization of a more sustainable future society. Therefore, we believe that developing business activities based on our corporate purpose & mission and contributing to the realization and diffusion of semiconductors with superior performance will continue to be an action that directly contributes to both contributing to a “safe, secure and comfortable” society and realizing our own growth.

Based on these ideas, our medium- to long-term management policy "Grand Design" sets out our vision statement as "Be the most trusted and valued test solution company in the semiconductor value chain". In order to be a company that embodies this vision, we will promote various initiatives that lead to the realization of a sustainable society in the future in an integrated manner, while focusing on solving customer issues. Simultaneously, by appropriately reflecting the expectations and demands of our stakeholders in our business activities, we aim to expand the significance of our raison d'être and the value we provide in a balanced and multifaceted way, both economically and socially.

2: Stakeholders

In view of our management philosophy and the importance on our business in the medium to long term, we have positioned our shareholders and capital markets, employees, customers, suppliers, partners and the global environment as important stakeholders.

3: Value Proposition to Stakeholders

We have analyzed the key value propositions to our stakeholders as follows. We will provide these values to our stakeholders and also work to ensure that events that negatively impact them do not occur so that we strive to earn further trust from our stakeholders.:

Stakeholders	Value Propositions (Outcomes)
Shareholders and Capital Markets	- Medium- and long-term enhancement of corporate value
Employees	- Increase in employee satisfaction
Customers	- Contributing to customer business growth by solving customer issues - Contributing to improving customers' environmental issues
Suppliers	- Expanding business growth opportunities - Co-creation of sustainable social value
Partners	- Ecosystem/business partners: Solving industrial issues through collaboration with partners and fostering mutual business growth opportunities - Local community: Contributing to creating a society where people can live more prosperous lives
Global Environment	- Contributing to a sustainable global environment

4: Stakeholder Engagement

In order to contribute both to the realization of a sustainable society and to its own growth, we are committed

to the following for our key stakeholders.

(1) Shareholders and Capital Markets

We constantly strive to increase income, improve profitability, and make efficient use of capital through tireless investment in growth and strengthening of the management base, thereby increasing the shareholder value created over the medium and long term. At the same time, we will strive to provide an appropriate return of profits to shareholders and to create appropriate corporate value through enhanced dialogue with the capital markets and the timely and appropriate disclosure of financial and non-financial information.

(2) Employees

Our company consists of a diverse range of human resources. We respect the individual lifestyles and life stages of our employees and support flexible work styles, while at the same time, by treating them fairly, we create a work environment where employees can lead fulfilling lives in both their private and public lives. We also support the development of our employees by providing an environment and opportunities for them to enhance their individual capabilities. In this way, we aim to realize a high level of employee engagement and, through this, strengthen our foundation for growth.

(3) Customers

We continue to be the company of choice for our customers by providing products and integrated solutions of outstanding performance and quality, based on the measurement technologies and experience we have developed over the years. At the same time, we work quickly to solve our customers' challenges through our worldwide support and consulting network. We also contribute to mitigating our customers' environmental issues by developing products and solutions that are oriented towards higher efficiency in terms of energy consumption and space used.

(4) Suppliers

We would like to develop together with our suppliers by promoting the reduction of risks in our supply chains and the enhancement of supply chain resilience through close collaboration with them. At the same time, we promote initiatives to build sustainable supply chains that take environmental, social and ethical aspects into consideration through comprehensive engagement activities.

(5) Partners

We contribute to the creation of innovation and the development of the electronics industry through communication with our ecosystem/business partners, including industry groups, governments, local authorities, and educational institutions. In local communities, we also contribute to next-generation education, environmental conservation, and humanitarian aid, and help create a society where people can live more prosperous lives.

(6) Global Environment

In addition to initiatives with customers and suppliers, we promote the increased introduction of renewable energy and improved energy efficiency in our own operations, thereby reducing total greenhouse gas emissions in our operations and value chain. We will also work in cooperation with companies in our industry and industry groups to consider resource recycling and the elimination of hazardous substances in product design, and to shift to a circular economy, including the recycling of waste, the effective use of water resources

and the conservation of biodiversity in our business activities.

5: Group Governance

We believe that in order to achieve both a contribution to the realization of a sustainable society and its own growth, it is recognized that, in addition to creating stakeholder value through its business activities, it is essential to further strengthen Group governance, which is the foundation for enhancing corporate value. In line with this view, we promote initiatives such as responsible business activities, including thorough legal compliance and corporate ethics, the upgrading of corporate governance and the strengthening of risk management.

- Investment in intangible assets (human capital / intellectual capital) and its supervision

We are a company whose core business is the development and manufacture of semiconductor test equipment. And our business is intellectual capital-intensive. We think that it is important not only to invest in tangible assets such as facilities and equipment, but also to invest in intangible assets such as human capital, technology, and intellectual property.

[Human capital]

The Advantest Group invested 550 million yen in education and training in FY2023. We will continue to work to further strengthen the development and training of human capital. For details, please refer to our Annual Securities Report.

(https://www.advantest.com/document/en/investors/ir-library/report/IR_SecuritiesReport_82nd_en.pdf)

[Intellectual capital]

We are a technology company whose management philosophy is “Enabling Leading-Edge Technologies”. Therefore, we believe that investment in technology, which is the source of competitive advantage, that is, R&D investment, is one of our most important strategic investments. In FY2023, we invested 65.5 billion yen in R&D.

On the other hand, as part of our growth measures, we are incorporating technologies that we do not have in-house, but which are important for our business expansion, by M&A. In fact, during the period of the first mid-term management plan (FY2018-FY2020), we invested about 50 billion yen, and made 2 M&As and 1 capital and business alliance. During our second mid-term management plan (FY2021-FY2023), we invested approximately 40 billion yen and completed 3 M&As. These M&As have given us business foundations and technologies that are closely related to our core business, and we also intend to create innovation by fusing our existing technologies with external technologies. These ideas and activities are linked with the strategies in our mid-term management plan. We believe that executing the mid-term management plan will lead to investment in intangible assets, so we report to the Board of Directors regularly on the progress of the mid-term management plan. The Board of Directors checks on the progress and future direction of these projects. In addition, we have organized ARTeam (Applied Research & venture Team) as an organizational structure that goes beyond the R&D team in order to sensitively grasp the expansion of business into closely related markets and the upcoming changes. We are working to accumulate new intellectual property through joint development with the University of Tokyo in Japan and Stuttgart University in Germany.

- Climate change response

In April 2020, Advantest announced its support for the recommendations of the Task Force on Climate-related Financial Disclosure (TCFD) based on the concept that the risks and opportunities posed by climate change to our business and financial status need to be evaluated to achieve sustainable growth. Since then, we have been working on related disclosure.

Advantest is promoting climate change countermeasures as one of the key themes in its environmental activities. Since collaboration with external stakeholders such as customers and suppliers is essential in promoting climate change countermeasures, Advantest has set mid-term targets for each climate change issue, focusing on the reduction of greenhouse gas (GHG) emissions and the introduction of renewable energy. Advantest has established unified task forces (TFs) that work with internal and external to promote responsible efforts to address climate-related issues. TF1 focuses on CO2 reduction in product development and TF3 targets CO2 reduction through collaboration with customers. Both TF1 and TF3 aim to address Scope 3 Category 11 through collaboration with customers. TF2 focuses on reduction of CO2 emissions through collaboration with business partners to address Scope 3 Category 1 through collaboration with suppliers, and TF4 aims for reduction of CO2 emissions through business activities with the introduction of energy-saving equipment and renewable energy to address Scope 1+2, which is direct emissions from our own production processes. All four TFs are implementing activities related to their goals.

Metrics and goals for measures taken in respect to the risks and opportunities brought about by climate change are managed under our Sustainability Action Plan. As a mid/long-term climate change countermeasures target, Advantest has set a goal to reach net-zero Scope 1+2 GHG emissions by FY2050. In addition, we have set targets to reduce Scope 1+2 GHG emissions by 60% by FY2030 compared to FY2018. Furthermore, Advantest has established Scope 3 GHG emissions reduction targets for FY 2030. However, in light of changes in the business environment, we are currently reviewing our Scope 3 targets and considering specific measures to achieve these targets.

For more details on our Sustainability Action Plan and environmental initiatives, please refer to our Annual Securities Report.

(https://www.advantest.com/document/en/investors/ir-library/report/IR_SecuritiesReport_82nd_en.pdf)

Supplementary Principle 4.1.1: Roles and Responsibility of the Board

In principle, to make more flexible decision-making and prompt business management, decisions on business execution other than matters deemed to be exclusive matters by the Board of Directors on the basis of laws and regulations and the matter of important business execution Board of Director delegates to Group CEO. Executive officer meeting (Executive Management Committee) composed of Senior Executive Officers, will review important matters concerning business execution.

Principle 4.1.3: Succession planning

The Board of Directors receives reports from the Nomination and Compensation Committee on requirements for the Group CEO position and succession planning for this position, and proactively discusses them. As a result of these deliberations, Advantest announced that Mr. Douglas Lefever will take over from Mr. Yoshiaki Yoshida as Group CEO, effective April 1, 2024. The process leading to this decision was as follows.

We began full-scale consideration of succession planning around 2020, four years after Mr. Yoshiaki Yoshida

was appointed CEO in January 2017. Led by the Nomination and Compensation Committee, evaluations of the CEO and senior executive officers as well as the business and human resources issues bearing on our next change of top management were shared with the outside directors and CEO, and reported to the Board of Directors. From 2022, outside experts were appointed to analyze these issues from an objective perspective, and the requirements for the next CEO and management team were discussed and reaffirmed by the Nomination and Compensation Committee and Board of Directors. Both internal and external candidates were considered and assessed by external experts. As a result, the Nomination and Compensation Committee reported to the Board of Directors in the fall of 2022 that it had reached the conclusion that a top management structure led by Mr. Douglas Lefever and Mr. Koichi Tsukui would be most appropriate for the next generation. In line with this conclusion, Mr. Douglas Lefever and Mr. Koichi Tsukui were both appointed to the position of Representative Director and Corporate Vice President in January 2023, allowing for a preparation period prior to the transition. During this period, we reconfirmed the suitability of both individuals and their effectiveness in combination, and announced its transition to the new structure, to take place in April 2024 in conjunction with the launch of MTP3. Under the new structure, Mr. Douglas Lefever has become the Chief Executive Officer of the entire Advantest Group as Representative Director, Senior Executive Officer, and Group CEO. Mr. Koichi Tsukui has taken responsibility for Advantest's Japanese business operations and now assists the Group CEO as Representative Director, Senior Executive Officer and President, Group COO. Mr. Yoshiaki Yoshida now serves as Director and Chairperson of the Board. The same process will be followed for future succession planning.

Principle 4.9: Independence Standards and Qualification for Independent Directors

It is stated in the “Independence Criteria of Independent Outside Directors” as follows;

“Independence Criteria of Independent Outside Directors”

Outside Director of Advantest Corporation (the “Company”) shall be judged to be independent provided none of the following conditions apply presently and recently.

1. Major Business Partner

- (1) Entity transacts with Advantest as Major Business Partner or Executive thereof
- (2) Major Business Partner of Advantest or Executive thereof

2. Expert

Consultant, Accountant or Lawyer who receives a large amount of money or other compensation from Advantest. (In case that the receiver of such compensation is a legal entity or group such as union, the person who belongs to such entity.)

3. Relative

- (1) Relative of person who falls in the condition set forth in 1 or 2 above.
- (2) Relative of Executive or Board Director of the subsidiary of Advantest
- (3) Relative of person who was an Executive or Board Director of Advantest or subsidiary of Advantest recently.

Notes:

- *1 “Recently” shall mean a time range substantially identical to presently.
- *2 “Major Business Partner” means a partner whose revenue from transactions with Advantest accounts for a considerable part of their revenue, or a partner supplying Advantest with commodities or services indispensable to Advantest’s business.
- *3 “Executive” means the “executive” defined in the Ordinance for Enforcement of the Company Act.
- *4 “Relative” means the person’s relative within the second degree of kinship.

Supplementary Principle 4.10.1: Regarding the Nomination and Compensation Committee

We have established the Nomination and Compensation Committee as an advisory organization to the Board of Directors. The Nomination and Compensation Committee is composed of a majority of independent outside directors, and the chairman is also an independent outside director.

Regarding the concept, role, authority and activity status of the Nomination and Compensation Committee, please refer to “Supplementary Explanation in the Voluntary Establishment of Nomination/Remuneration Committee” below.

Supplementary Principle 4.11.1: Concept of composition of the Board

In the nomination and selection of Directors and Senior Executive Officers, Advantest recognizes that noteworthy issues around corporate management and communication with stakeholders have to be taken into consideration, in addition to our Purpose & Mission, management strategies, and business strategies. Our business is indispensable for the manufacturing of semiconductors, which support the development of our society, and also assumes the important function of supporting the stable operation of the facilities and systems in our society and industries, creating great opportunities for growth even in the surrounding areas. Advantest has selected the following nine areas for management activities which are considered important for Advantest to grow the business in the mid-to-long term and realize the improvement of our corporate value: “Management & Corporate Strategy,” “Semiconductor,” “Technology,” “Sales & Marketing,” “Finance & Accounting,” “Legal & Compliance,” “Human Capital Management,” “Global Business,” and “Digital Transformation.” The Board of Directors and the Nomination and Compensation Committee have discussed the essential “insight and experiences” required for the execution of duties and the fulfilment of the responsibility of supervision in the nine areas, and established the required skill sets for Senior Executive Officers and Directors. Regarding the details of each director’s skills, please refer to the convocation notice of 82nd Ordinary General Meeting of Shareholders (Pages 31-32 in English version). (https://www.advantest.com/document/en/investors/shares-and-corporate-bonds/meeting/CN82e_2.pdf)

Regarding our policies for director appointments, please refer to “Principle 3.1 iv) Board Policies and procedures for the appointment of senior management and the nomination of director candidates” above.

Supplementary Principle 4.11.2: Directors served as directors, *kansayaku* or the management at other company

Regarding the status of important concurrent positions of outside director candidates and Directors, they are announced in disclosure documents such as “convocation notice of ordinary General Meeting of Shareholders” and business report.

Supplementary Principle 4.11.3: A summary of the results of the board meeting effectiveness

At a Board of Directors' meeting, all directors answered a questionnaire to evaluate the effectiveness of their roles and obligations. Advantest analyzed our organization, operation and discussion status by collecting opinions.

(Action in FY2023)

The evaluation of the effectiveness of the Board of Directors in FY2022 confirmed that each director was able to discuss issues from different perspectives, and also indicated the importance of further improving sensitivity to changes in the external environment and clarifying the issues in the materials reported at Board of Directors meetings. In response to these evaluation results, the following actions were taken in FY2023.

- In offsite meetings, the changes in Advantest's external environment and geopolitical risks were discussed.
- We are trying to allow more time for discussion by the Board of Directors by requiring presenters to use an executive summary and provide a concise statement.

(Results in FY2023)

The composition of the Board of Directors was changed at the General Meeting of Shareholders in June 2023, and outside directors now comprise a majority of the Board. Advantest now has two female directors and continues to have two non-Japanese directors, which confirms that the number of directors and the ratio of outside directors is appropriate. In addition, Mr. Douglas Lefever took over from Mr. Yoshiaki Yoshida as Group CEO effective April 1, 2024. Over the past several years, the Nomination and Compensation Committee has been the main body considering the change in top management and has regularly reported its progress to the Board of Directors. The Board of Directors was satisfied that the succession plan had been adequately discussed, in part because of feedback received from Board members. For details of the succession plan for the CEO and other members of the Board of Directors, please refer to "Principle 4.1.3," above.

On the other hand, the following points were raised as areas for improvement to make the Board of Directors more effective.

- It is desirable for the Board of Directors to consider measures to respond more promptly to changes in the external environment.
- Time management at Board of Directors meetings is an issue. It is preferable to organize issues in advance and narrow down the issues before discussing them at Board of Directors meetings. A mechanism to incorporate the opinions of outside directors at an early stage could be considered.
- Onboarding support was provided to the two newly appointed outside directors in the form of briefings on the Advantest Group's management policies and business activities, as well as tours of Advantest's business sites. However, there is room for further improvement.

Supplementary Principle 4.14.2: Training policy for directors

It is stated in the "Director Training Policy" as follows;

"Director Training Policy"

1. Advantest provides and arranges following actions for new Directors to acquire necessary knowledge on the Advantest's business, finances, organizations and other matters so as to enhance their understanding of their roles and responsibilities:

- (1) To explain the roles and responsibility required for Directors;
- (2) To explain Advantest group's business, finances, organizations, major internal regulations, corporate governance structure, and internal control systems;

(3) To update above (1) and (2) for incumbent Directors as necessary.

2. Advantest should provide and arrange training opportunities suitable for each director as necessary.

In FY2023, briefings were held for the newly appointed outside directors on the Advantest Group's management policies and business activities. They also toured Advantest's business sites. In addition, all directors visited production sites in South Korea.

All Executive Directors have taken an external training program on governance. Because governance skills are important, we are expanding the scope of the training to Executive Officers who are not directors.

Principle 5.1: Policy for Constructive Dialogue with Shareholders

Our policy for constructive dialogue with shareholders is stated in our “Basic Investor Relations Policy” as follows, and the status of dialogue with shareholders is described below.

“Basic Investor Relations Policy”

Under the direction of our Group CEO and in line with the Basic Investor Relations Policy expressed below, Advantest’s IR team promotes dialogue with its shareholders and investors as an essential aspect of corporate value. Our commitment to open communication both ensures accountability to our stakeholders, and plays an important role in growing our corporate value over the medium to long term.

1. Disclosure Policy

(1) Disclosure of Material Information

Advantest discloses material information as appropriate in a transparent and timely manner, in compliance with Japan’s Financial Instruments and Exchange Act, the regulations of the stock exchanges and other related laws and regulations (“Acts”).

Important information is defined as corporate information that must be disclosed in a timely manner under the Acts when important matters concerning Advantest or its subsidiaries are determined or when an important event occurs, and other corporate information requiring timely disclosure under the Acts.

(2) Voluntary Disclosure

Advantest also discloses general corporate information other than material information, when we deem it may have a material impact on the investment decisions of our shareholders and investors, as rapidly and transparently as possible.

2. Disclosure Methods

To ensure our fair disclosure to shareholders and investors, material information is disclosed via the methods stipulated by law and by the regulations of all the stock exchanges on which Advantest is listed, both in Japan and overseas. Additionally, all such information is promptly posted on our corporate website.

Information falling outside the scope of material information is disclosed via news releases, at press conferences and our quarterly information meetings, and is also posted on our website. We reserve the right not to respond to enquiries regarding certain information related to competitiveness or privileged information that Advantest has a duty to protect.

3. Forward-Looking Statements

In its disclosures, Advantest may make forward-looking statements that reflect management's views with respect to future plans, strategy, and financial performance. Such statements are based on information available at the time of disclosure and are subject to various risks and uncertainties. To ensure that investors are aware of these risks, Advantest's disclosures are accompanied by cautionary statements.

4. Communication Structure

Advantest's IR Department handles communications with shareholders and investors. In principle, all Advantest's IR communications go through our IR spokespersons— Representative Director, CFO, and IR personnel—but other executives, including outside directors, may also be appointed IR spokespersons in certain cases through IR personnel, depending on individual requirements and the content to be communicated. The IR Department supports our IR spokespersons by liaising with other divisions and collating relevant and specialized information to enhance our dialogue with shareholders and investors.

5. Comprehensive Communication

In addition to our earnings announcements and postings on our public website, Advantest strives to maximize shareholders' and investors' awareness of our business environment and management strategies through individual meetings, site tours, segment-specific briefings, and other such opportunities for communication.

6. Incorporation of Feedback Through Dialogue

Feedback and opinions received from shareholders and investors is shared at the Board of Directors, and incorporated into our planning for a sustainable level of business development and mid-to-long term enhancement of corporate value.

7. Management of Insider Information and Fairness in Disclosure

Advantest has defined internal rules for the prevention of insider trading, as explained in the sections of Advantest's "Code of Conduct" related to management of material information and executive buying and selling of shares. Moreover, our IR spokespersons are consistently prudent in avoiding the disclosure of material information and other sensitive information in conversation or other venues for communication, where multiple personnel are typically present to check on one another.

8. Quiet Periods

To ensure fair disclosure of financial information, Advantest stipulates a quiet period that runs from the day after the closing of each quarter until earnings for that quarter are announced, to prevent information leaks and to maintain disclosure fairness. During this period, Advantest refrains from answering inquiries about business performance and related matters. However, material information subject to disclosure rules will be disclosed in an appropriate and timely fashion, even during quiet periods.

9. Analyst Reports

Advantest will not evaluate or comment on any analyst reports concerning Advantest. However, if a report contains factual errors relating to past events, those errors may be pointed out.

10. Market Rumors

Our basic policy is not to comment on market rumors. However, in the event a market rumor exerts a significant influence on the capital markets, or one of the stock exchanges on which Advantest is listed approaches us for clarification, we will respond appropriately and responsibly.

Dialogue with Shareholders

On the date of each quarterly financial results announcement, Advantest holds financial results briefings for analysts and fund managers with top management as the speakers. These meetings are attended by not only active investors, but also passive investors and institutional investors with a variety of investment styles. In addition, we hold business/technology briefings for institutional investors in order to help them better understand changes in semiconductor technology and business trends that are important to our company. To further deepen dialogue with our shareholders, we held approximately 640 individual meetings with domestic and overseas institutional investors in FY2023. These individual meetings covered a diverse range of topics, from business trends to exercise of voting rights and sustainability. Also, in response to requests from shareholders to disclose information on cross-shareholdings prior to the general meeting of shareholders, we voluntarily disclosed information on cross-shareholdings in the convocation notice for the general meeting. Our dialogues with shareholders are conducted by not only the representative director, the CFO, and IR personnel, but also, as necessary, personnel from related departments, ensuring that these discussions are in-depth. The IR department reports regularly on the status of its IR activities to the Board of Directors.

Principle 5.2.1: Basic policy regarding the business portfolio decided by the board and the status of the review of this portfolio

We launched our “Grand Design” mid-to-long term management policy in FY2018. It calls for us to strengthen our core business (the development and sales of semiconductor volume production test systems) and expand our business domains to related markets such as semiconductor design / evaluation processes and product / system level test processes / data analytics, which come before and after the semiconductor volume production process, respectively. In this way, we aim to grow our business and enhance corporate value. This was resolved by the Board of Directors and refers to our basic thinking regarding the business portfolio. The second mid-term management plan (FY2021-FY2023) also clearly states that we will follow the above-mentioned business area expansion policy. On the other hand, we have introduced a business evaluation system based on ROIC with the formulation of the Grand Design, and continuously review our business and product portfolio based on the perspectives of capital efficiency, mid-to-long term business profit outlook, and best owners.

Status of profit and loss by business segment are reported to the Board of Directors monthly and the Board of Directors discusses the business portfolio as necessary. In addition, when we make an investment that has a significant impact on our business portfolio, the Board of Directors reviews the investment effect as needed. During the period of the first mid-term management plan (FY2018-FY2020), we made 2 M&As and 1 capital and business alliance to enhance our business foundation in the system level test process and data analytics fields. On the other hand, as part of our portfolio review, we sold our probe card business. In addition, during the period of the second mid-term management plan (FY2021 to FY2023), Advantest Group has so far acquired three companies, including a major supplier of test equipment for power semiconductors and two suppliers of printed circuit boards (PCBs), which are the main components of electronic equipment. When Advantest implements M&A, one of the metrics we use to analyze each deal is NPV (Net Present Value), based on the cost of capital, which reflects the risks arising from the specific characteristics of investment targets.

(Action to Implement Management That Is Conscious of Cost of Capital and Stock Price) (Disclosed in English)

Advantest has engaged with four strategies: *Outpace the growth in our core market; Expand adjacently / new businesses; Drive operational excellence; Enhance sustainability.* To verify whether we are generating returns in excess of our cost of capital, we use our proprietary index, AVA (Advantest Value Added), as one of our business evaluation indicators. AVA is based on EVA, a management metric that measures corporate value creation. AVA evaluates our business in terms of profitability and investment capital such as inventories and fixed assets. AVA for each business unit is reported monthly to the Board of Directors. Since introducing AVA, we have reviewed its formula in terms of profit and loss management and invested capital policies, and have updated it as necessary in line with our business development. We use the so-called CAPM metric to estimate our cost of capital. We currently estimate our cost of capital based on CAPM to be 9-10%.

For capital efficiency, we use ROIC and EPS as management metrics. Regarding our target values for ROIC and EPS under MTP3, please refer to “Principle 3.1 i): Company objectives (e.g., business principle), business strategies and business plans” and “Principle 5.2: Establishing and Disclosing Business Strategies and Business Plans,” above.

Outside Directors' Relationship with the Company (2)

Name	Membership of Audit and Supervisory Committee	Designation as Independent Director	Supplementary Explanation of the Relationship	Reasons of Appointment
Toshimitsu Urabe		○		Mr. Toshimitsu Urabe has extensive management experience at a leading Japanese general trading company and a nonbank financial institution, particularly overseas experience in the United States and Asia, experience in business investment decisions, etc., and extensive experience in administrative management, for example human resources and IT. He is expected to reflect his knowledge in Advantest Group's global management, thereby contributing to the sustainable enhancement of corporate value and invigorating the activities of the Board of Directors. Thus, Advantest believes that he is a suitable person as an outside director.
Nicholas Benes		○		Mr. Nicholas Benes has extensive knowledge and experience about corporate governance matters, and experience in investment banking including M&A transactions. He is expected to reflect his knowledge of corporate governance and the shareholder-oriented perspective in the Advantest Group's global management, thereby contributing to the sustainable enhancement of corporate value and invigorating the activities of the Board of Directors. Thus, Advantest believes that he is a suitable person as an outside director.
Name	Membership of Audit	Designation as Independent	Supplementary Explanation of the Relationship	Reasons of Appointment

	and Supervi sory Commi ttee	ndent Directo r		
Naoto Nishi da		○	Advantest has transactions with Toshiba Corporation of which Mr. Naoto Nishida was an executive until October 2017, and its affiliates, including the sales of our products and the purchase of raw materials, etc. The amount of such transactions with Toshiba Corporation and its affiliates, in FY2023 is less than 1% of the total of the Advantest's consolidated cost of sales and selling, general and administrative expenses.	Mr. Naoto Nishida has a wealth of knowledge and experience as a laser technology expert, in addition to his experience in the fields of technology, supply chain management (SCM), production, and research & development at a global company deeply involved in semiconductors. He is expected to reflect his insights into our business, industry and technology and the perspectives on strategic innovation in Advantest Group's global management, thereby contributing to the sustainable enhancement of corporate value and invigoration of the activities of the Board of Directors. Thus, Advantest believes that he is a suitable person as an outside director.
Sayaka Sumida	○	○		Although Ms. Sayaka Sumida has not been directly involved in the management of a company in the past, she has a wealth of knowledge and experience in finance and accounting gained through her engagement for many years in accounting/auditing services and internal control-related services as a certified public accountant at an accounting firm. She is expected to reflect her knowledge of finance and accounting in Advantest Group's audit and supervision, thereby contributing to the enhancement of corporate accounting and internal controls. Thus, Advantest believes that she is a suitable person as an outside director who is an audit and supervisory committee member.
Tomoko Nakada	○	○		Although Ms. Tomoko Nakada has not been directly involved in the management of a company in the past, she has a wealth of experience and a high level of expertise in law as a judge and as a lawyer, engaging in the practice of corporate legal affairs,

				general civil cases, and domestic and international inheritance cases. She is expected to reflect her knowledge of laws in Advantest Group’s audit and supervision, thereby contributing to the enhancement of compliance. Thus, Advantest believes that she is a suitable person as an outside director who is an audit and supervisory committee member.

 Supplementary Explanation

Advantest has established the Nomination and Compensation Committee as a voluntary organization to assist the Board of Directors in the appointment/ dismissal of Directors and Executive Officers and in determining their compensation with the aim of improving the fairness, validity and transparent of the appointment/selection and dismissal/removal of Directors and Executive Officers and their compensation. The Nomination and Compensation Committee is responsible for the functions of both “the Nomination Committee” and “the Compensation Committee”.

The Nomination and Compensation Committee is composed of members selected in members of the Board of Directors under the resolution of the Board of Directors. To introduce an independent viewpoint, more than a half of the members are outside directors. The Human Resource Department is its secretariat. In FY2023, the Nomination and Compensation Committee met 14 times. Mr. Toshimitsu Urabe, Mr. Yoshiaki Yoshida and Ms. Sayaka Sumida attended 14 times All the members were present at every Nomination and Compensation Committee meeting.

In FY2023, the main activities of the Nomination and Compensation Committee were as follows. In the next fiscal year and beyond, the Committee will continue to discuss and examine these issues.

- Succession Plan for CEO

Please refer to “Principle 4.1.3,” above.

- Candidates for Directors and Executive Officers and the Management Structure

Under Advantest’s structure of directors and Executive Officers since June 2023, the Nomination and Compensation Committee has considered appropriate candidates and proposed them to the Board of Directors. Changes in the management structure to strengthen CxOs were discussed and proposed to the Board of Directors.

Regarding the organizational structure for directors and managing executive officers following June 2024, the Nomination and Compensation Committee has considered appropriate candidates and an optimal management structure, as well as the best management structure following the change of Group CEO, and proposed its

conclusions to the Board of Directors.

- Experience, knowledge, and abilities required of Directors and Senior Executive Officers (skill matrix)

Recognizing that the Skill Matrix is a tool to consider the most appropriate executive team and board structure, the Committee has set the elements of experience, knowledge, and abilities required of Directors and Senior Executive Officers based on discussions with non-executive directors.

- Operation of Fixed Compensation, Performance-based Bonuses and Stock Compensation

Evaluating the performance of each director/officer against pre-defined roles and expected results, individual evaluations of executive bonuses for FY2022 were discussed and finalized.

The Committee discussed and proposed to the Board of Directors the fixed compensation, performance indicators for performance-linked bonuses and stock compensation for FY2023.

In light of the changes in the management structure and our new mid-term management plan, etc., the Nomination and Compensation Committee discussed a partial revision of the executive compensation system and proposed it to the Board of Directors.

Members of this committee are Mr. Toshimitsu Urabe, Ms. Sayaka Sumida, and Mr. Yoshiaki Yoshida as of the filing date of this Report. Mr. Toshimitsu Urabe is the chairperson.

The Nomination and Compensation Committee will recommend persons as candidates to the Board of Directors who will contribute to a sustainable level of business development, enhancement of corporate value over the mid-to-long term in accordance with the “Directors and Executive Officers Nomination/Dismissal Policy and Procedures” (*1) prescribed by the Board of Directors regarding Directors and Executive Officers. The Nomination and Compensation Committee also considers the diversity and appropriate scale of the Board of Directors, including gender and international aspects. In addition, regarding independent outside directors, “Independence Criteria of Independent Outside Directors” (*2) prescribed by the Board of Directors will also apply in addition to the “Directors and Executive Officers Nomination/Dismissal Policy and Procedures” mentioned previously. Candidates recommended to the Board of Directors should have a wealth of knowledge and can be expected to contribute actively to the Board of Directors. The Board of Directors deliberates proposals from the Nomination and Compensation Committee, and determines candidates of Directors and appoints Executive Officers.

When a report on the results of deliberations by the Nomination and Compensation Committee falls under the dismissal criteria for Directors and/or Executive Officers or if there is a proposal for dismissal from another Director, the Board of Directors will deliberate.

(*1) “Directors and Executive Officers Nomination/Dismissal Policy and Procedures”: Please refer to the Principle 3.1 “iv): Board Policies and procedures for the appointment of senior management and the nomination of director candidates” above.

(*2) “Independence Criteria of Independent Outside Directors”: Please refer to the Principle 4.9 Independence Standards and Qualification for Independent Directors above.

[Independent Directors]

Number of Independent Directors	5

[Director Remuneration]

Disclosure of Individual Directors’ Remuneration	Selected Directors
--	--------------------

Supplementary Explanation

Individual disclosure is made in the Annual Securities Report for those with total consolidated compensation of 100 million yen or more.

Qualified person:

- Mr. Douglas Lefever:
Total compensation 329 million Yen (fixed-compensation: ¥99 million; performance-based compensation: ¥50 million; restricted stock compensation: ¥85 million; performance-based stock compensation: ¥95 million) in FY2023
- Mr. Koichi Tsukui:
Total compensation 107 million Yen (fixed-compensation: ¥42 million; performance-based compensation: ¥20 million; restricted stock compensation: ¥19 million; performance-based stock compensation: ¥26 million) in FY2023
- Mr. Yoshiaki Yoshida:
Total compensation 162 million Yen (fixed-compensation: ¥64 million; performance-based compensation: ¥29 million; restricted stock compensation: ¥31 million; performance-based stock compensation: ¥38 million) in FY2023

* The compensation of Mr. Douglas Lefever includes that paid by the subsidiaries.

* Restricted stock compensation and performance-based stock remuneration are recorded as expenses in accordance with IFRS for FY2023.

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Advantest determines the compensation of Directors and Executive Officers so that it shall facilitate a sustainable level of business development, support mid-to-long term enhancement of corporate value, contribute to shareholder profits, and help to secure and motivate superior human resources.

Advantest has introduced a restricted stock compensation plan for Directors who do not serve concurrently as Executive Officers, with the aim of promoting further value-sharing with shareholders.

For details of the compensation system, please refer to Principle 3.1 iii) above.

[Supporting System for Outside Directors]

At Advantest, the president's office and the general affairs department (Board of Directors secretariat) are in charge of supporting outside directors. In addition, Advantest provides data and reference materials for Board of Directors meetings to all the board members by three business days prior, in principle.

Advantest (and/or group-wide) information such as our business execution situation is reported directly to outside directors from appropriate personnel as necessary.

---	---

Others

At the Ordinary General Meeting of Shareholders on June 24, 2022, the provisions regarding Counselors and Advisors were deleted from the Articles of Incorporation.

Advantest does not appoint retired Directors or Executive Officers as advisors. When Advantest determines that there is a need to utilize the capabilities and knowledge of retired Directors or Executive Officers, we will entrust the work to them by individual contract rather than in the form of an advisor's position.

In order to fulfill the management and supervision responsibilities of the Board of Directors, the Board of Directors will make a decision regarding business assignments of post-retirement directors, including former representative directors. In addition, the Representative Director, Senior Executive Officer, Group CEO makes decisions about business assignments after the retirement of executive officers, and reports them to the Board of Directors.

As of the filing date of this Report, there are no cases of delegation of executive duties to retired presidents/CEOs.

<II - 2. Regarding Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)>

Advantest promotes management efficiency by separating the management decision making function and supervisory function from the function of the execution of operations.

The Board of Directors of Advantest, as the management decision making body, shall make decisions on significant matters with respect to the management policies and management strategies for Advantest Group, and in its capacity to supervise management, the Board of Directors shall monitor and supervise the status of exercise of duties by Executive Officers. Advantest strengthens the oversight and supervisory functions of the Board of Directors by having a majority of outside directors. Regular Board of Directors meetings are held once a month and last about 3 to 5 hours, giving directors time to discuss important matters. In addition, Advantest holds offsite meetings where board members discuss mid-to-long term issues that cannot be discussed within the time limits of Board of Director meetings. The Board of Directors met 13 times at the office and once off-site in FY2023, and all members attended all meetings. At the Board of Directors meetings, directors with a wealth of knowledge and experience expressed their opinions from each point of view on various agendas, and active discussions took place.

In FY2023, the main discussion and reporting items of the Board of Directors meetings and offsite meetings were as follows.

- With Advantest's next mid-term management plan starting in FY2024, Advantest has appointed Mr. Douglas Lefever as Group CEO and Mr. Koichi Tsukui as the Group COO and President of Advantest, effective April 1, 2024, to deliver even greater progress for the Advantest Group in the rapidly changing, fast-growing semiconductor industry.
- The Board of Directors was informed of the efforts undertaken during the current fiscal year, the final year of the 2nd Mid-Term Management Plan (MTP2), and of the status of progress on management indicators and strategic measures during the entire period of MTP2.
- Discussions were held on the revision of our mid/long-term management policy "Grand Design" and the formulation of the 3rd Mid-Term Management Plan (MTP3). The Board of Directors held in-depth discussions on what Advantest wants to be, which is one of the core themes of the plan.
- With the purpose of creating a more investment-friendly environment and expanding the investor base by reducing Advantest's stock price per investment unit, Advantest enacted a 4-for-1 share split of its common share with an effective date of October 1, 2023.

- A review of PMI for M&As conducted as growth investments was reported, and lessons learned for future M&As were discussed.
- An IR report on the status of communication with investors and shareholder ownership was presented to the Board of Directors.
- Reports were made to the Board of Directors on the progress of the ESG Action Plan 2021-2023. The next Sustainability Action Plan and responses to various laws and regulations were discussed.
- Monthly reports were made to the Board of Directors on the status of sales, profits, cash flow, etc. In response to the increase in the inventory balance, the Board of Directors discussed issues with overall operations.
- Compliance reports were made four times a year, and internal audit reports were made twice a year, informing the Board of Directors about compliance incidents including reports made through a helpline, and about the internal audit system and items pointed out by internal audits.

The Board of Directors of Advantest (including Directors who are Audit and Supervisory Committee members) is composed of two executive directors (inside directors), two non-executive directors (inside directors) and five non-executive directors (outside directors) as of the filing date of the Report. Two of the directors have non-Japanese nationalities and two are female directors. In order to maintain seamless communication despite the diversification of Directors, Advantest has arranged for simultaneous interpretation at the Board of Directors meetings so that Board members can speak freely in both Japanese and English. Materials and minutes are also translated into English.

Advantest delegates the necessary authorities to ensure the prompt and efficient performance of duties and the Executive Management Committee is positioned as a decision-making body for Advantest's important business execution matters. Of the operations for which authority has been delegated, important matters above a certain level are, in principle, deliberated at the Executive Management Committee. The Executive Management Committee meets approximately twice a month. The Executive Management Committee is composed of Senior Executive Officers, and Mr. Douglas Lefever is the chairperson.

Advantest transitioned to a company with audit and supervisory committee on June 24, 2015. Members of the committee are Mr. Yuichi Kurita, Ms. Sayaka Sumida, and Ms. Tomoko Nakada as of the filing date of the Report. Ms. Sayaka Sumida is the chairperson. Mr. Yuichi Kurita, a member of the Audit and Supervisory Committee, has many years of experience in Advantest's corporate planning, financial and administrative officers and Ms. Sayaka Sumida, a member of the Audit and Supervisory Committee, has many years of experience in working an accounting firm as a certified public accountant. Both have sufficient knowledge of finance and accounting. Also, Ms. Tomoko Nakada, a member of the Audit and Supervisory Committee, has abundant experience on legal affairs.

Pursuant to the audit policies, audit plans, priority audit items, allocation of duties, etc., and in coordination with the internal audit division and other relevant departments with jurisdiction over internal control, members of the Audit and Supervisory Committee attended important meetings such as Executive Management Committee, Business Plan Meeting, Internal Control Committee, received reports from Directors, Executive Officers and employees on the performance of their duties, requested further explanations as deemed necessary, reviewed important approval-granting documents, and inspected the state of business operations

and assets at the head office and other important branch offices. With respect to subsidiaries, members of the Audit and Supervisory Committee communicated with and exchanged information via interviews with directors of the subsidiaries and opinion exchange meetings with corporate auditors of the subsidiaries and received business reports from subsidiaries as deemed necessary, and conducted audits of Advantest's main consolidated subsidiaries overseas (by interviewing via face to face or web conferences), and confirmed their state of business operations and assets. As a result of these investigations and audit activities, members of the Audit and Supervisory Committee shared our views with the directors and department heads on what we recognized as issues needing feedback.

To enhance the effectiveness of auditing and supervisory functions, the Audit and Supervisory Committee appoints a standing Audit and Supervisory Committee member, while outside directors, who are members of the Audit and Supervisory Committee, participate in the Internal Control Committee and on-site audits conducted by the standing Audit and Supervisory Committee member as necessary to actively audit the status of business execution of Advantest.

The Audit and Supervisory Committee met 13 times in FY2023. All members were present at every Audit and Supervisory Committee meeting.

The Audit and Supervisory Committee investigated the status of execution of duties by directors, executive officers, other business execution organizations and the status of maintenance and operation of the internal control system. Also, the Audit and Supervisory Committee has an opportunity to exchange opinions with Outside Directors and Executive Directors.

The other status is stated in the section on “the Audit and Supervisory Committee” in “the Business Management Organization and Other Corporate Governance Systems regarding Decision-making, Execution of Business, and Oversight in Management” above.

We have an Auditing Group for our internal audit under the direct control of the Representative Director, Senior Executive Officer, and Group CEO. With multiple full-time employees and in cooperation with the Audit and Supervisory Committee, accounting auditors, etc., the Auditing Group monitors status of the company's internal controls on a daily basis, and identifies problems. It also makes improvement recommendations. The Auditing Group reports the audit results to the Representative Director, Senior Executive Officer, and Group CEO, and to the Representative Director, Senior Executive Officer and President and Group COO and the Audit and Supervisory Committee, and also to the Board of Directors on a regular basis.

Regarding accounting audits, Advantest has audited with Ernst & Young ShinNihon LLC and received predetermined audits. EY Shin Nihon LLC Audit Corporation (formerly Daiichi Audit Office) has been conducting listing audits of Advantest since 1983, when Advantest was listed on the Second Section of the Tokyo Stock Exchange. The certified accountants who executed the accounting audit work of Advantest in FY2023 are Mr. Toshiyuki Matsumoto, Mr. Minoru Ota and Mr. Hiroyuki Nakada. The rotation of the certified public accountants is conducted appropriately at Ernst & Young ShinNihon LLC and no certified public accountants are involved in accounting audits of same company for more than seven consecutive fiscal years. Lead certified public accountants are not involved in accounting audits of the same company for more than five consecutive fiscal years. If a certified public accountant is involved in accounting audits of the same company for seven consecutive fiscal years, he or she will be involved in accounting audits of that company only after an interval of five fiscal

years. Lead certified public accountants who are involved in accounting audits of the same company for five consecutive fiscal years will not be involved in accounting audits of that company again. In addition, assistants performing Advantest's accounting audit work include those with expert knowledge such as system experts, with CPAs as the main constituents.

Regarding nomination/dismissal and compensation, Advantest has established a Nomination and Compensation Committee, which is stated in the section on “Voluntary Establishment of Nomination/Remuneration Committee” in “the Business Management Organization and Other Corporate Governance Systems regarding Decision -making, Execution of Business, and Oversight in Management”.

Advantest has entered into a limited liability agreement pursuant to Article 427, Paragraph 1 of the Companies Act with each of non-executive Directors. The upper limit of liability based on this agreement is the minimum liability as provided in the applicable laws and ordinances. Advantest has concluded indemnification agreements with all directors pursuant to the Article 430-2, Paragraph 1 of the Companies Act. Under the said agreements, Advantest shall indemnify them against expenses listed in Item 1 of the said Paragraph and losses listed in Item 2 of the said Paragraph to the extent permitted by laws and regulations. However, certain conditions of exemption are established to ensure that the appropriateness of the execution of duties by the insured persons is not impaired by the said agreements, and the amount of expenses and losses of no less than JPY 3 million requires deliberation by the Board of Directors.

<II - 3. Reasons for Adoption of Current Corporate Governance System>

Under a structure of a company with an Audit and Supervisory Committee, the audit and supervisory functions of the Board of Directors can be further strengthened, because Directors who are members of the Committee have voting rights at the Board of Directors. At the same time, decisions can be more flexibly delegated to executives, thereby enabling speedier management. Advantest believes that this will enable us to achieve a sustainable level of business development and mid-to-long term enhancement of corporate value, and therefore Advantest has adopted the structure of a company with an Audit and Supervisory Committee and an executive officer system.

In addition, a certain number of outsiders are required among the members of the Board of Directors in order to provide advice and management monitoring and supervision that will lead to the sustainable level of business development of the Advantest Group and mid-to-long term enhancement of corporate value. Therefore, Advantest has appointed five outside directors. Starting from the General Meeting of Shareholders on June 27, 2023, outside directors are now a majority of the Board of Directors, and more than one director is female.

III. Implementation of Measures for Shareholders and Other Stakeholders

<III - 1. Measures to Vitalize General Shareholder Meetings and Smooth Exercise of Voting Rights>

	Supplementary Explanations
Early Notification of General Shareholder Meeting	More than 3 weeks before the date of the meeting.

Scheduling AGMs Avoiding the Peak Day	Avoid busy dates to facilitate participation
Allowing Electronic Exercise of Voting Rights	Exercise of voting rights via the Internet from our website
Participation in Electronic Voting Platform	Advantest participates in the voting rights electronic exercise platform
Providing Convocation Notice in English	Convocation notice is available in Japanese and English on our Corporate website.
Other	<p>Implementation of Virtual Shareholder Meetings: Advantest held the general meeting of shareholders online as well as inviting shareholders to attend in real life at the venue. At the meeting, shareholders who were participating online were able to send messages to the venue. The live-streaming video will be delivered on demand at a later date. All reported items at the general meeting of shareholders are disclosed on Advantest's website.</p> <p>Analysis of Voting Results: Regarding the approval or disapproval of the agenda at the general meeting of shareholders, Advantest confirms the results of our major institutional investors exercising their voting rights, and if a negative vote is cast, the reasons for that are analyzed in light of the voting standards of institutional investors. If the reasons for opposition cannot be confirmed by the voting standards or disclosure by institutional investors, Advantest contacts the institutional investors directly to confirm the reasons for their opposition. Advantest also reports to the Board of Directors on the voting trends of these institutional investors and our analysis of negative votes.</p>

<III - 2. IR Activities>

	Supplementary Explanations
Preparation and Publication of Disclosure Policy	<p>“Basic IR Policy” including disclosure policy is disclosed on our website. (English is also available)</p> <p>https://www.advantest.com/en/investors/management-policy/irpolicy/</p>
Regular Investor Briefings for Analysts and Institutional Investors	<p>On the date of each quarterly financial results announcement, Advantest holds financial results briefings for analysts and fund managers with top management as the speakers. These meetings are attended by not only active investors, but also passive investors and institutional investors with a variety of investment styles. In addition, we hold business/technology briefings for institutional investors in order to help them better understand</p>

	changes in semiconductor technology and business trends that are important to our company. To further deepen dialogue with our shareholders, we also hold individual meetings with domestic and overseas institutional investors.
Regular Investor Briefings for Overseas Investors	IR roadshows, held face to face or online, are conducted by the Group CEO/CFO a few times a year for investors in the US, Europe and Asia.
Posting of IR Materials on Website	Mid-long-term management policy, financial closing announcement materials, disclosure materials, annual reports, quarterly reports, convocation notice, individual business unit briefing materials, past financial data, and stock / shareholder information are disclosed on our website in English and Japanese. https://www.advantest.com/en/investors/
Establishment of Department and/or Manager in Charge of IR	Corporate Strategy Group, IR Department is in charge.

<III - 3. Measures to Ensure Due Respect for Stakeholders>

	Supplementary Explanations
Stipulation of Internal Rules for Respecting the Position of Stakeholders	Advantest has established a “Sustainability Basic Policy”. Advantest will strive to contribute toward realizing a sustainable society by respecting shareholders, considering the environment and harmonizing with society, while being aware of the contribution of the SDGs.
Implementation of Environmental Activities, CSR Activities etc.	CSR activities are actively organized and conducted by Corporate Strategy Group, Corporate Planning & Sustainable Management Division, Sustainability Promotion Office.
Development of Policies on Information Provision to Stakeholders	An “Integrated Annual Report” is produced and published every year on Advantest’s website. We have published detailed data under the name of Sustainability Data Book.
Other	<u>Activities to respect human rights:</u> Advantest recognizes that Advantest must protect the human rights of all the people in our global business activities. This is stipulated in “The Advantest Way”, the Advantest Group’s code of ethics. Advantest has developed “Advantest Group Human Rights Policy” based on “The Advantest Way” and Advantest expresses the Advantest Group’s responsibility to respect human rights. As part of efforts to respect the human rights of suppliers, Advantest conducts a CSR survey every year to verify whether suppliers are operating in a fair manner and with respect to human rights.

IV. Matters Related to the Internal Control System**<IV - 1. Basic Views on Internal Control System and the Progress of System Development>**

The Board of Directors has established a system that ensures the appropriateness of its business as follows:

Basic Policy for the System to Ensure the Appropriateness of Business

Holding “Enabling Leading-Edge Technologies” as our corporate mission, the Advantest Group established The Advantest Way that clarifies mission, vision, core values, guiding principle and ethical standards of the Advantest Group, and has strived to increase the transparency of its management and achieve a sustainable level of business development and mid-to-long term enhancement of corporate value. To further promote these efforts, the Company will prepare a framework as described in each paragraph below, implement the establishment, development and management of the internal control system, and ensure the sound operations of the Company.

1. Framework to the effective performance of duties by Board Directors of the Company and the Subsidiaries
 - (i) The Company promotes management efficiency by separating the management decision making and supervisory function from the function of the execution of operations. The Board of Directors shall make management decisions and supervise management. Regarding execution of operations, executive officers and employees shall execute operations based on the Board of Directors’ clarification of the function and authority of the body executing operations, while delegating necessary authorities to ensure the prompt and efficient performance of duties.
 - (ii) The Board of Directors of the Company, as the management decision making body, shall make decisions on significant matters concerning the execution of business and basic management policies of Advantest Group, including the Internal Control System, and in its capacity to supervise management, the Board of Directors shall monitor and supervise execution of duties by Directors and executive officers.
 - (iii) The Board of Directors of the Company shall approve the basic management policy of the Advantest Group, receive reports on business results based on monthly closing account, financial situation, status of the performance of duties by each department, and review the appropriateness of such plans.
2. Framework to ensure the compliance with applicable laws and ordinances as well as the articles of incorporation by directors, executive officers, and employees of the Company and the Subsidiaries in performing their duties
 - (i) To ensure compliance with all applicable laws and regulations as well as the articles of incorporation, and to ensure that actions are taken faithfully and ethically, the Company shall establish The Advantest Way for all directors, executive officers and employees of the Advantest Group, and notify such directors, executive officers and employees of these codes. Furthermore, the Company shall establish the “Code of Ethics for Directors and Executive Officers” for directors and executive officers.
 - (ii) The Advantest Group shall establish subcommittees such as the Internal Control Committee and the Disclosure Committee to ensure the appropriateness of the business of Advantest Group.
 - The Internal Control Committee shall report to the Board of Directors about the design and operation of Internal Control System as deemed necessary.
 - The Disclosure Committee oversees the proper disclosure by management and report to the Board of Directors as deemed necessary.

- (iii) Regarding compliance, Chief Compliance Officer (CCO) supervises the compliance of laws and regulations and the implementation of The Advantest Way and report to the Board of Directors as deemed necessary.
 - (iv) The Company establishes a corporate ethics helpline for whistleblowing such that employees can report behaviors that are illegal or inappropriate in light of applicable laws, Articles of Incorporation or The Advantest Way. The Company stipulates that the reporter / consultant will not treat such persons adversely for having reported an incident or sought consultation regarding a potential violation, and will thoroughly disseminate it.
- 3. Rules relating to the management of risk of loss and other frameworks of the Company and the Subsidiaries
 - (i) With respect to potential risks behind management environment, business activities and corporate assets of Advantest Group, the Company shall identify and classify risk factors for each important business process, analyze the magnitude of risks, possibility of actual occurrence and frequency of such occurrence, etc., and create written policies and procedures regarding the appropriate response to and avoidance/ reduction of the risks, as part of the internal control activities.
 - (ii) With respect to emergency situations such as disasters, the Company shall establish the Risk Management Group, create written emergency action guidelines and prepare by implementing education and training programs on a regular basis.
 - (iii) The Internal Control Committee shall thoroughly manage risks of the Advantest Group and report material risks to the Board of Directors.
 - (iv) The Company is making efforts to prevent occupational injuries, create a comfortable working environment, and promote the good health of its employees through the establishment of the Safety and Health Committee.
- 4. Framework regarding the retention and management of information with respect to the performance of duties by Board Directors of the Company
 - (i) The Company shall properly retain and manage the following information regarding the exercise of duties by directors, pursuant to the internal rules that stipulate details such as the period of retention, person in charge of retention and method of retention.
 - Minutes of general meetings of shareholders and reference materials
 - Minutes of meetings of the Board of Directors and reference materials
 - Other important documents regarding the exercise of duties by directors
 - (ii) The Company shall establish the Information Security Committee that is responsible for protecting personal information and preventing confidential information from leaking.
- 5. Framework to ensure the appropriateness of operations of the Company, and the group as a whole, including its subsidiaries
 - (i) The Advantest Group shall establish and operate the same quality of internal control system for the Company and each company of the Advantest Group in order to conduct the consolidated group management placing an emphasis on business evaluation based on consolidated accounting.
 - (ii) The internal control system of the Advantest Group is supported by each department of the Company that is responsible for each group company, and is established and operated as a unified system based on the policies of the group created by the Internal Control Committee. Significant matters

- concerning the status of each group company that is controlled by the Internal Control Committee shall be reported to the Board of Directors.
- (iii) Auditing Group of the Company supervises an internal audit to each group company.
6. Matters relating to employee(s) who assist the Audit and Supervisory Committee
- The Company shall establish the Audit and Supervisory Committee and assign the employee(s) who assist it.
7. Matters relating to the independence of the employee(s) referred to in the preceding Section from Board Directors of the Company (excluding directors who are Audit and Supervisory Committee members) and the matters for ensuring the effectiveness of direction to the employee(s)
- (i) The personnel matters including but not limited to assignment, transfer, performance appraisal and disciplinary action of the employee(s) referred to in Section 6 shall be subject to a prior consent of the Audit and Supervisory Committee.
- (ii) The Employee(s) referred to in Section 6 shall perform their duties exclusively pursuant to the instruction and order by directors who are Audit and Supervisory Committee members and their independence from any officers or employees other than the directors who are Audit and Supervisory Committee members shall be ensured.
8. Framework for reporting to the Audit and Supervisory Committee of the Company
- (i) In the event that any violation or breach of applicable laws, Articles of Incorporation or The Advantest Way or the fact that could cause serious damage is detected or reported, such events shall be reported immediately to the Audit and Supervisory Committee.
- (ii) The Company shall adopt a system that allows directors who are Audit and Supervisory Committee members to attend important meetings such as the Executive Management Committee and to keep abreast important matters regarding the execution of operations.
- (iii) In the event that a report or consultation is made to the Corporate Ethics Helpline, the Company shall adopt a system that such report or consultation shall be reported immediately to the Audit and Supervisory Committee.
- (iv) Under the provisions of section 8. (i) and (iii), The Company stipulates that the reporter to the Audit and Supervisory Committee will not treat such persons adversely for having reported an incident, and will thoroughly disseminate it
9. Other frameworks to ensure the effective implementation of audit by the Audit and Supervisory Committee
- (i) The Company shall ensure that the Audit and Supervisory Committee cooperates with the Accounting Auditors, the Auditing Group (an internal audit division of the Company) and the corporate auditor of each Advantest Group Company, and that there are opportunities to exchange opinions with them as deemed necessary.
- (ii) The Company shall ensure that there are opportunities to exchange opinions between the Audit and Supervisory Committee and the Representative Director and shall strive for communication between them.
- (iv) In case that a member of Audit Supervisory Committee requests a prepayment of expense necessary to perform his or her duties, the Company shall establish a necessary procedure of the prepayment and execute it without delay in accordance with the designated procedure.

Status of implementation of the system to ensure the appropriateness of business

The status of implementation of the system to ensure the appropriateness of business during the FY2023 is as follows:

(i) Framework for the effective performance of duties

To promote management efficiency, the Board of Directors performs management decision-making and supervision in accordance with Regulations of the Board of Directors and Executive Officers and employees execute business in accordance with the Global Organization and Authorization Rules. In conjunction with the June 2023 review of the CxO role and structure, the Global Organization and Authorization Rules were revised in November 2023 (effective December 2023) to simplify, clarify, and concise processes and operations while promoting the delegation of authority from the Executive Management Committee to the CxOs and unit leaders and maintaining appropriate internal controls.

The Executive Management Committee is positioned as a decision-making body for important business matters of the Company. Among Executive Officers, those who are deemed capable of leading the group management are nominated as Senior Executive Officers who serve as members of the Executive Management Committee. The Executive Management Committee has largely delegated authority to unit leaders to realize speedy management.

As the Company start the next mid-term management plan from FY2024, the Company have appointed Mr. Douglas Lefever as Group CEO and Mr. Koichi Tsukui as Group COO and President of the Company as of April 1, 2024, in order to realize even greater progress for the rapidly changing, fast-growing semiconductor industry.

(ii) Framework concerning compliance

The Company established The Advantest Way, which articulates the Purpose & Mission, the Vision, the Core Values, the Guiding Principle, and the Ethical Standards, under which we raise INTEGRITY as our Core Values. We are promoting initiatives with the aim of materializing INTEGRITY in our daily operations and making INTEGRITY our true corporate culture. Specifically, we launched the "INTEGRITY award" to recognize and express appreciation for employees who have demonstrated INTEGRITY by recommendation from peer employees from FY2022.

In order to ensure that INTEGRITY is integrated into the corporate culture, the Company have established a system in which "INTEGRITY Ambassadors" are appointed from each unit worldwide and supported by a "Culture Council" headed by the Group CEO, instead of the conventional short-term project in FY2022. The Company group aims to spread INTEGRITY by promoting specific activities throughout the Company group and at each unit.

The Company has established internal and external helplines. The Company has also transitioned the external helpline to more highly-confidential system since March 2023. The Company ensures that all officers and employees around the world are aware of the role of the helpline, and has established an appropriate reporting system. In FY2023, the Company group launched the GCEP (Group-wide Compliance Education Program) to deliver basic education to all the company group employees with the aim of raising compliance awareness and acquainting them with the minimum rules. Eleven e-learning courses, including "The Advantest Way," "Fair Disclosure/Insider Trading," "Information Security," and "Export Control," are available in 16 languages (with some exceptions).

(iii) Framework for risk management

In addition to discussing a broad range of risks to the global economy and the overall business environment

at Board of Directors and Executive Management Committee, the Internal Control Committee chaired by the representative director, President and Group CEO and attended by outside directors as observers identifies and analyzes important risks throughout the Company group and clarifies departments responsible for each risk and the policies and procedures for dealing with each risk. Moreover, the Company shall report to the Board of Directors on the design and operation status of internal control system and on the cases where significant defects and significant deficiencies are found in the internal control evaluation process.

The Company has established the Risk Management Group headed by the representative director to respond to emergency disasters, such as flooding and pandemics. In FY2023, Business Continuity Management (BCM) at major domestic business sites was restructured into three phases: (1) initial response (ERP*1), (2) review and instructions by the head office and local task force (CMP*2), and (3) business continuity and recovery (BCP*3). The previous BCP was limited to earthquakes and river flooding, but a new BCP not limited to such events has been created in an ISO-compliant format. In addition, drills have been conducted based on the new BCP. Such scheme will be expanded to other domestic offices and major overseas locations in FY2024.

*1 ERP: Emergency Response Plan

*2 CMP: Crisis Management Plan

*3 BCP: Business Continuity (Recovery) Plan

(iv) Framework for retention and management of information

The Company retains and manages minutes of general meetings of shareholders and minutes of meetings of the Board of Directors and their reference materials, and important documents regarding the exercise of duties by directors pursuant to the internal rules. In addition, in order to implement the Company-wide Basic Policy on Information Security, the existing Information Security Committee was renamed the Global Information Security Committee in August 2023 and reorganized to include members from overseas subsidiaries. The Committee meets once a quarter to share security incidents and take measures to prevent recurrence, protect personal information and prevent leakage of confidential information, and maintain and improve the security of IT systems. In this current fiscal year, the Company conducted a simulation drill for dealing with cyberattacks and alerted all employees whenever phishing emails were received. In 2021, the Company began to obtain ISO 27001 certification for its information security management system. In August 2021, the Company acquired the certification in Japan, followed by our subsidiary in Germany obtained in May 2022 and our subsidiary in the U.S. obtained in May 2023.

(v) Framework to ensure the appropriateness of operations of the group

The Company establishes important business processes for Advantest as a whole, and by providing guidance on risk analysis and appropriate responses to such risks, the Company group establishes and operates the same internal control system. The Internal Control Committee monitors the status of internal controls of each company based on the CSA (Control Self-Evaluation) of each unit conducted by the internal audit division. It also monitors the status through audits by the internal audit division and gives instructions so that each group company can operate in accordance with the policy for building internal control systems. The Internal Control Committee reports to the Board of Directors if important matters concerning internal control of each group company are discovered

The internal audit division reports the audit results to the President and CEO and the Audit and Supervisory Committee, and also to the Board of Directors.

(vi) Framework for the implementation of audit by the Audit and Supervisory Committee

The Company has put in place a system whereby a standing Audit and Supervisory Committee member attends important meetings such as the meeting of the Executive Management Committee and grasp

important matters regarding the execution of operations. The Audit and Supervisory Committee holds meetings with the independent auditor and the internal audit division, as necessary, to ensure good communication. The Company provides opportunities for the representative director, President & Group CEO and the Audit and Supervisory Committee to exchange opinions on a periodic basis or on an as-needed basis in order to ensure good communication.

The Company has established the Audit and Supervisory Committee Office to which a full-time employee who assists the Audit and Supervisory Committee is assigned. The employee who assists the Audit and Supervisory Committee performs his duties in accordance with instructions of the Audit and Supervisory Committee members, and thus his independence from directors who are not Audit and Supervisory Committee members and from other officers and employees is ensured.

<IV - 2. Basic Views on Eliminating Anti-Social Forces>

Advantest has no relationship with anti-social forces such as organized crime groups. Advantest resolutely refuses requests for purchasing literature, making contributions, payment of membership fees or any kind of approach from antisocial forces.

The Advantest Way states that “We have absolutely no relationships with antisocial forces and movements, such as organized crime groups, group that produces such as terrorism and cyber attacks. We will adamantly refuse to purchase literature from, make contributions or pay membership fees to or comply with any other demands of antisocial forces and movements.” Advantest strives to thoroughly inform all Directors, Executive Officers and employees of the Advantest Way.

In the event of contact, unfair demands or obstructive acts by antisocial forces, the General Affairs Department will become the supervising department and the General Affairs Division will respond as unlawful request prevention supervisor while cooperating with police and lawyers.

In-house training on corporate ethics explains how to deal with antisocial forces. Advantest also conducts The Advantest Way review once a year, including the fact that it has no relation to antisocial forces. In addition, agreements with business partners, such as the basic purchase agreement, incorporate a clause of exclusion of antisocial forces.

V. Other

<V - 1. Adoption of Anti-Takeover Measures>

Adoption of Anti-Takeover Measures	Not Adopted
------------------------------------	-------------

Supplementary Explanation

<V - 2. Other Matters Concerning Corporate Governance System>

Advantest conducts disclosure controls to disclose accurately, fairly and in a timely manner the relevant laws such as the FIEL and "the securities listing regulations" of TSE, etc.

The Disclosure Committee has function as disclosure control and collects decisions, incidents and financial

information of Advantest and its affiliated companies.

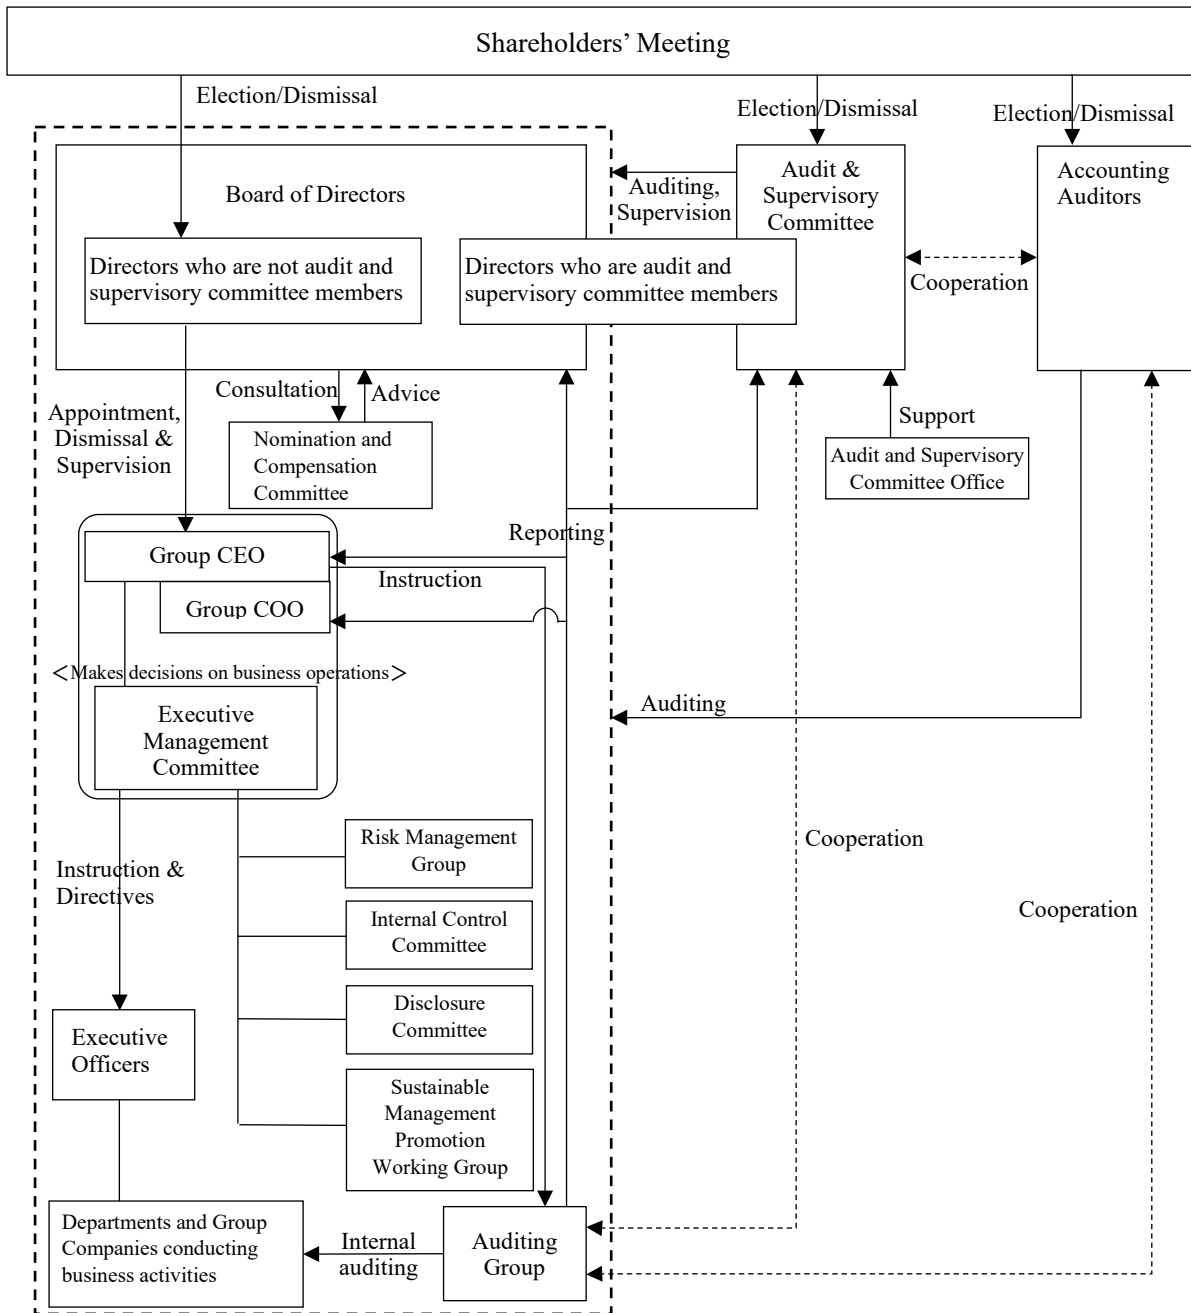

Among the disclosed information, Advantest has established the Disclosure Committee and conducts disclosure control procedures for regular statutory disclosure documents such as information to be submitted to the KLF, and the representative directors evaluate and certify the effectiveness of disclosure control procedures. We further strengthen these documents, by auditing the financial statements by the independent outside auditors and reviews by outside legal counsel as necessary.

In the disclosure processes, Information gathered by the Disclosure Committee will be decided on a timely basis by a person in charge of information and disclosed after being approved by the meeting of board of directors and representative directors depending on content and urgency.

In order to ensure that all important financial information and non-financial information are disclosed in a timely and appropriate manner, Advantest has formulated “The Advantest Way” which promote corporate activities in accordance with higher ethical standards, honesty and social justice and is working to ensure thorough corporate ethics. In addition, in June 2004, we enforced the “Code of Ethics for Directors and Executive Officers” and clarified that officers take honest and ethical actions. Furthermore, we established the Internal Control Committee to achieve the four objectives of “business effectiveness and efficiency”, “reliability of financial reporting”, “compliance with laws and regulations” and “asset conservation” and strive to maintain and manage internal control.

With the above, we ensure the appropriateness of disclosure.
