

## Towards a “safe, secure, and comfortable society”

Advantest strives to maximize customer satisfaction by accurately grasping customer needs and providing solutions in our core semiconductor test equipment business through fair and prudent corporate activities, all while improving our corporate value by ensuring sustainable management that emphasizes “Environmental,” “Social,” and “Governance.”

### The Advantest Way

### ■ Sustainability Policy -Value Proposition to Stakeholders-

By providing these values, we strive to earn further trust from our stakeholders.

Stakeholders	Value Propositions (Outcomes)
Shareholders and Capital Markets	<ul style="list-style-type: none"> <li>• Medium- and long-term enhancement of corporate value</li> </ul>
Employees	<ul style="list-style-type: none"> <li>• Increase in employee satisfaction</li> </ul>
Customers	<ul style="list-style-type: none"> <li>• Contributing to customer business growth by solving customer issues</li> <li>• Contributing to improving customers’ environmental issues</li> </ul>
Suppliers	<ul style="list-style-type: none"> <li>• Expanding business growth opportunities</li> <li>• Co-creation of sustainable social value</li> </ul>
Partners	<ul style="list-style-type: none"> <li>• Ecosystem/business partners: Solving industrial issues through collaboration with partners and fostering mutual business growth opportunities</li> <li>• Local community: Contributing to creating a society where people can live more prosperous lives</li> </ul>
Global Environment	<ul style="list-style-type: none"> <li>• Contributing to a sustainable global environment</li> </ul>

### Sustainability Action Plan and ESG Data

### Responsible Mineral Sourcing Initiatives

Although Advantest is not subject to Section 1502 of the US Dodd-Frank Wall Street Reform & Consumer Protection Act (Conflict Minerals Clause), we have been implementing an annual mineral procurement survey of its business partners using the Conflict Minerals Reporting Template (CMRT) tool developed by RMI.\*

From fiscal 2024, Advantest has expanded the scope of minerals to include cobalt and mica.
