This document serves as a cross-reference table that shows the relationship between the disclosures contained in the “Annual Securities Report and Business Report,” which has been prepared as a single document satisfying the requirements for both the Annual Securities Report pursuant to the Financial Instruments and Exchange Act, and Business Report, Consolidated Financial Statements and Non-Consolidated Financial Statements pursuant to the Companies Act, and the respective disclosure items required under the Companies Act, thereby clarifying where such items are presented within the aforementioned report.

The consolidated financial statements under the Companies Act have been prepared in accordance with International Financial Reporting Standards (IFRS) pursuant to the first sentence of Article 120, Paragraph 1 of the Regulations for Corporate Accounting. Accordingly, the disclosures relating to the consolidated financial statements under the Companies Act have been omitted from the cross-reference table below, as they are equivalent in content to those presented in the Annual Securities Report and the Business Report.

In the event of any discrepancy between this document and the Japanese original, the original shall prevail.
